AN ERASMUS MUNDUS MASTER

TOMORROW'S LEADERS IN DRUG AND COSMETIC R&D

- A two-year Master degree co-funded by the European Union that focuses on research and development of drugs and cosmetics. Fully taught in English, it benefits from an international melting pot of students.
- Students will study in Italy and in at least one other European country (Belgium, Spain or Germany) and will obtain a double degree. Three thematic workshops on soft skills and the involvement of industry will give students a cutting edge.
- We are looking for motivated and bright students with a strong academic record, an interest in research and an inclination for entrepreneurship. Requirements are a B2 English proficiency level and a Bachelor degree.
