**Place of birth\*:**

**Citizenship\*:**

**Country of residence\*:**

**Residence address\*:**

**I certify that I have obtained my degree(s) as follows:**

**First Degree\*:**

**Mark of First Degree\*:**

**Second Degree:**

**Mark of Second Degree:**

Field marked with a \* are mandatory

I apply for\*:

For a place with Erasmus+ scholarship. [I confirm that I have not benefitted from EMJM scholarship in any previous education]

For a non-fee-paying self-funded place

You can select both the options. However, bear in mind that extra-EU non-fee paying self-funded students, when applying for the visa, must prove that they have the financial means to cover the living costs for the two-year study programme including the mobility. Please, do not select the non-fee paying self-funded option if you do not fulfil this requirement.

I will not require a visa to study in Europe

I will require a visa to study in Europe and I will be responsible for meeting visa requirements for Italy as it is the first country of access. I will also be responsible for checking visa requirements for the countries in which each host institution is located.

I declare that\*:

I understand and accept the compulsory physical mobility rule set by EACEA:

**I must spend 2 study periods in 2 countries, each min. 30 ECTS; both these countries must be different from my country of residence at enrolment stage.**

I will therefore choose a mobility track that is eligible according to this rule (for instance, Italian students cannot do the internship in Italy in the fourth semester nor in the same Country as the one chosen for the third semester; Spanish students that choose to go to Spain for their third semester can't do the internship in Spain; Belgian students that choose to go to Belgium for their third semester can't do the internship in Belgium).

Based on your personal interest, in which University would you like to spend your third semester?\*

Non-clinical path (University Miguel Hernandez, Elche, Spain)

Clinical path (University of Namur, Namur, Belgium)

For their third semester students can choose between a non-clinical path at the University Miguel Hernandez (Elche, Spain) and a clinical path at the University of Namur (Namur, Belgium). Please,

carefully look at the teaching program for making an informed choice: <https://www.emotion-master.eu/teaching-program-2024-2026/>
